

New Sixth Form Facilities 'Go' for Launch!

We are pleased to report that the new facilities in Sixth Form are starting to take shape. The new Sixth Form Bistro has been extended and will provide students with an ideal social space in which to meet for lunch, tea or coffee. Catering will be served to students within this area including a wide range of healthy options.

The new Rose Library has been equipped with new computers installed over the Spring break and the Common room will also have improvements made to it such as Wi-Fi access and storage facilities for students' files. The original Sixth Form LRC will be a private study area in which students can work quietly as well as have access to the latest ICT technology to support learning.

Sixth Form Open Day!

Hosted by Adam Weighells and the Juice FM Roadshow
Tuesday 28 June 4-6pm ALL WELCOME!!!

Acting for Camera

Year 12 and 13 Drama students have had the invaluable experience of taking part in the "Acting for the Camera" project. This was led by Leo Lollis, a professional actor who has appeared in a range of films and TV programmes including 'Hollyoaks' and 'The Royal Today'.

The students worked in small groups and were all given expert advice on camera techniques. They then devised short scenes lasting approx 3 minutes which were then filmed. This took approximately two hours to shoot using a range of lighting and camera angles. It was an excellent experience giving the students a different insight into the world of acting.

The students will all receive a professional DVD of their work which will prove to be an excellent resource for forthcoming auditions.

Nuffield Bursary

Congratulations to Jeethu Jose, pictured here with Mrs McCourt, whose application was successful for the Nuffield Bursary Scheme, Summer 2011.

Jeethu will be involved in a Science based project and will be provided with a Mentor for the four week summer project. Over one thousand students from across the North West had applied for this prestigious scheme which will help Jeethu to develop a number of key skills in preparation for her chosen career in Medicine. As part of the placement Jeethu will attend the Nuffield Celebration Evening where she will have the opportunity to display her Nuffield Project to an invited audience. We wish Jeethu the very best of luck with her project.

Welcome to our Spanish Visitors

As a Specialist Language College all our students study at least one language but have the option to study two, choosing from French, German and Spanish. We have a popular range of evening classes after school, midweek, for all members of the community to access. There are lots of opportunities for our students to engage in learning about different languages and cultures, which helps to promote an understanding of diversity and respect for all.

We were really pleased to welcome students and staff from our partner school in Madrid following on from our visit to Spain last term.

Ana, Carla, Dani and Mrs Beatriz Cajal spent five days in Liverpool as part of the exchange programme started this year between St Julie's and IES Vicente Aleixandre in Pinto, Madrid. They are pictured with Miss Serrano and those who visited Madrid; students Amy, Heather and Robbie and Mr Davenport.

During their time here students attended lessons learning new things and visiting many of the attractions across Liverpool. We look forward to continuing the exchange next year with our Year 12 students.

BTEC Music Night

Congratulations to our Sixth Form BTEC Music Group who have staged a magnificent acoustic concert as part of their coursework. The 15 song set was flawlessly delivered and warmly received by the responsive audience.

Sixth Form Visits CAS Conference

15 students from St. Julie's Catholic High School were invited to attend a CAS Conference at Liverpool John Moores University IM Marsh Campus on Wednesday 23rd March 2011. This exciting event was organised by The British Computer Society, The Chartered Institute for ICT.

The day, titled *"Inventing the Future"*, involved a series of lectures from a variety of ICT professionals, showcasing the future and emerging computer technology.

We are thrilled to have been invited to participate in this exciting event and hope to strengthen our ties with CAS and The British Computer Society in the future.

Duke of Edinburgh

Year 11 and 12 students will have the opportunity to complete their Duke of Edinburgh qualifications from Spring 2011. A number of staff have been trained in how to develop

students' orienteering and outdoor education skills.

The programme will include completing a range of voluntary work. Students will progress to their Silver award which prepares them for their Gold Award.
