Re: GCSE Revision Materials

Dear Parents/Carers,

As we approach the crucial period leading up to the GCSE examinations, we want to ensure that all our students are equipped with the necessary tools for success. In line with this, we are pleased to inform you that comprehensive revision materials and information have been curated for all GCSE subjects.

Understanding the significance of effective revision, we have worked diligently to compile a range of resources that cater to the diverse learning styles and preferences of our students. These materials encompass a variety of formats, including revision books, Mobile / Smart tablet apps and websites.

To facilitate ease of access, we have attached a detailed document outlining the revision materials available for each subject. This document includes information on:

- Specification
- Revision Guides
- Revision Websites
- Wider Reading/Apps

We encourage you to work collaboratively with your child in establishing a structured revision plan. It is essential for students to create a realistic timetable that allows for consistent and focused revision sessions. Additionally, please emphasize the importance of regular breaks, healthy eating, and sufficient rest during this demanding period.

After Easter, we will be starting our **masterclasses**. These will provide students with focused sessions, targeting the areas that have been highlighted through question level analysis of past papers, and where we know that extra support is needed. A timetable of these classes will shortly be provided to your daughter.

Students are now required to attain a minimum of a grade 4 in English and Maths. To support with this, we have been doing sessions during AM registration. These are delivered by specialist maths and English teachers, and the classes are on rotation to ensure your daughter gets the support needed in both subjects.

As well as the formal timetabled revision sessions, your daughters' teachers have also been providing informal revision sessions on a class-by-class basis.

Below is the link to the curriculum booklet, which contains all information for all subjects that your daughter is studying. It shows the topic lists for each subject, therefore giving revision lists for your daughter to follow.

https://www.stjulies.org.uk/uploads/File/2024/ks4_curriculum_revision.pdf

Should you have any questions or require further clarification on any of the provided materials, our dedicated team of teachers and support staff will be more than happy to assist. We are committed to fostering a positive and supportive learning environment to ensure the success of each student.

Thank you for your continued support in our shared mission to empower our students with the knowledge and skills needed for their academic achievements.

Yours sincerely,

Miss LA Gawley
Head of Middle School
